

South Wilts Cricket Club

The County Ground, Wilton Road,
Salisbury, Wiltshire, SP2 9NY

SAFETY POLICY STATEMENT

This Policy statement covers South Wilts Cricket Club. The Management Committee of South Wilts Cricket Club is fully committed to the achievement and maintenance of a safe playing environment. We recognize that our most valuable asset are our members, and that their Health, Safety and Welfare is therefore of paramount concern. In recognition of this, we therefore set out to provide our members with:

- A safe place for activities.
- Safe playing equipment.
- Training, to equip all coaches and volunteers with the necessary knowledge to allow them to work both safely and in safety.

We are a Club that believes in excellence. This excellence applies equally in the field of safety of our operations. This can only be achieved by the full commitment and support of all coaches and volunteers. In recognition of our legal responsibilities, we are fully committed to compliance with current Health & Safety legislation and their attendant Codes of Practise. Safety is an integral part of our overall operations, and planning for safety will therefore underwrite all of our activities, from coaching sessions to competition match play.
